BIKE SERVICE DAY

Encourage sustainable mobility and increase your employees' satisfaction!

100%
COVID-19 compliant
Contactless
communication
& service

You would like to encourage sustainable mobility, facilitate commuting for your employees or want to offer incentives? This is possible with a **Bike Service Day from GOVECS**.

How it works? It's quite simple: Our service teams come to your company premises with our mobile workshop. Your employees drop off their bikes, e-bikes or cargo bikes in the morning to our service professionals. During the day our service professionals make all the necessary checks and repairs and your employees will pick up their serviced bikes by end of work.

- ✔ Increase satisfaction
- ✔ Encourage sustainable mobility
- ✔ Service by skilled mechanics
- ✔ Mobile workshop at your premises
- ✔ Full service for bikes of any brand
