

GOVECS AG | Grillparzerstr. 18 | 81675 München

Everyone TALKS about climate change and environmental protection - We DO something!

Change the future with e-mobility and become part of the GOVECS team.

Your perspective:

It's not just our electric scooters that are fun. Our corporate culture is also characterized by team spirit, flat hierarchies and openness to innovative and creative ideas. We offer you variety, short decision-making paths and a lot of independence with room for initiative and responsibility. We enable you to develop professionally and personally. With us you will find flexible working hours, the option to work from home and private use of our electric scooters. Build something new with us and make a real and lasting difference! Conquer new markets and get even more people excited about e-mobility. Become part of our team and our mutual success story!

For our team with working location Munich, Stuttgart or Wrocław we are looking for an experienced

Director IT (m/f/d)

Your challenge / your main tasks:

- Responsibility for the strategic development of the Group IT department and infrastructure, in particular processes, applications, software and hardware and for the development of the IT area as a service organization
- Personnel responsibility: technical and disciplinary management of the IT team
- Budget responsibility for the IT department
- Setting up, monitoring and adhering to the IT budget of the GOVECS Group
- Development of a fully integrated, high-performance system landscape for the GOVECS Group
- Optimization and connection of existing applications to the central systems of GOVECS AG and implementation of new processes, definition of interfaces and implementation of holistic work processes
- Organization and processing of data protection and fraud issues
- Coordination and control of all IT service providers in the GOVECS Group and at the store locations
- Renewal and update of the operational IT (network, hardware, telephones, virtualization ...)
- Independent participation in day-to-day operations and active change management in terms of further developing existing processes, standards and systems
- Definition and control of key figures and creation of various reports for the management
- Regular exchange and constructive cooperation with colleagues in the German locations and in the Polish plant, as well as with service providers and partners

YOU / Technical and personal requirements:

- Successfully completed degree in (business) computer science
- Several years of successful practice in IT management in medium-sized companies, if possible in the manufacturing industry, or practice in a renowned IT system or consulting company
- Experience with cross border / multi-site and mobile IT infrastructure
- Extensive knowledge of the implementation and management of IT system components and projects
- Good knowledge of managing service providers and international employees
- Knowledge of data protection and security
- Excellent written and spoken English
- Good knowledge of the German and Polish language is an advantage
- Flexibility and willingness to travel (<40%)
- High reliability in compliance with quality, budget and time frame

GOVECS AG | Grillparzerstr. 18 | 81675 München

- Excellent teamwork and communication skills
- Motivation to face new challenges with your independent, goal- and result-oriented hands-on mentality with leadership, assertiveness and doer skills

WE:

The GOVECS Group, headquartered in Munich, is the leading manufacturer of electric scooters in Europe. We are redesigning urban mobility. Our success is based on high quality "Made in Europe" products for international sharing platforms (such as Emmy in Munich or Cityscoot in Paris) and the rapidly growing delivery industry. Private customers buy GOVECS electric scooters in our online shop or in our GOVECS SCOOTER stores in Munich, Berlin and Stuttgart. GOVECS also offers stationary and mobile services in Hamburg, Cologne and Frankfurt. Our diverse product range currently includes six very different electric scooters: Schwalbe (45km / h and 90km / h), ELMOTO LOOP, ELMOTO KICK, GOVECS PRO, GOVECS PRO CARGO and GOVECS FLEX. You can find more information at www.govecsgroup.com and in our online shop www.govecs-scooter.com. We are also consultants for companies, cities and municipalities who want to offer a sharing service with e-scooters.
